## FRANCE MAKES OVERTURES ON FAR EASTERN SITUATION

### SIX KILLED WHEN AUTO GOES THRU A BRIDGE

JOHNSTOWN, PA., November 17.—Six persons were killed here early this morning when the automobile in which they were riding crashed through the guard rails of the Woodvale bridge, spanning the Pennsylvania railroad cut and fell to the tracks 50 feet below, according to reports received at the office of Deputy Coroner R. R. Yost. The car overturned as it fell, pinning the passengers beneath it, killing some of them instantly, it was reported.

Details of the accident were meagre, but an official list of the dead included one woman and five men:

Allice Horner.  
John McKinley.  
Arthur McKinley.  
Edward Funk.  
John McGuire.  
Fred Stolle, Jr.

All are said to have been residents of Johnstown.

According to Deputy Coroner Yost's reports, members of the party had been visiting at the home of Mrs. Helen Costlow, near the place of the accident, and were returning to their homes, when the automobile got beyond control on curved approach to the bridge and sped through the rails. When all arrived all the passengers were dead, the reports stated.

Stolle, it was said, was at the wheel and police expressed the belief that as he recently came to Johnstown he may have been unfamiliar with the road or may have been confused by the darkness and a heavy downpour of rain through which he was driving.

May Become King's Bride

The newest matrimonial rumor about Princess Marie, second daughter of Queen Marie of Rumania is that she is to become the bride of King Boris, of Bulgaria. But there have been so many rumors about her matrimonial affairs that one can hardly tell.

### ULSTER FIRM ON STAND ON IRISH QUESTION

LONDON, November 17.—(By the Associated Press)—Ulster's reply to the latest British government communication on the question of an Irish settlement was delivered at Downing street this afternoon. It indicates that Ulster stands firm in the attitude she has taken and will not submit to anything considered a violation of her rights.

Complaining that the government has failed to maintain secrecy regarding the negotiations, the Ulster representatives threaten to publish the correspondence.

LIVERPOOL, November 17.—(By the Associated Press)—By an overwhelming majority, the Unionist party in session here today endorsed, with certain reservations, the negotiations now in progress between the British government and the Irish representatives.

Horner's Appointment Approved  
WASHINGTON—Appointment of Charles S. Horner, of Cleveland, to be prohibition agent for the Cleveland district, was approved.

By WM. PHILIP SIMMS  
Written Expressly for the NEA  
WASHINGTON—Reduction of armament alone will NOT stop the war now brewing in the Pacific.

An agreement between the United States, Great Britain and Japan as to the size of their navies meets with the approval of everybody here, but unless these three countries can come to an understanding as well with regard to the Far East, a naval holiday will prove in the end a criminal waste of time and money.

Failure to agree on a common policy in the Orient can mean but one thing, namely, that America, Britain and Japan are irreconcilably at odds there and that force will ultimately be resorted to.

Far-sighted statesmen here consider it an absurd paradox to conceive of the conference winding up in agreement with regard to scrapping of navies but in full discord over the Pacific.

Half-Way Danger

Should this absurdity happen, however, it could only result later on in a stupendous spending of public treasure on hurry-up orders of war materials supplied by profiteering contractors demanding panic prices for their wares.

The nation's proud savings, with billions raised by war levies sticking to them, would be swallowed up in a jiffy.

While Secretary of State Hughes' dramatic offer struck the popular fancy, observers acquainted with the powder-keg conditions in the Orient are loathe to construe him as meaning that the arms question can be disposed of independently of Far Eastern problems.

They contend the unconditional scrapping of battleships and a naval holiday without first removing the causes of war is but a mirage and offers no real guarantee of peace.

Real Problem

With Japan's ambitions in Asia remaining what they are; with the American policy of the open door in China still being flouted; with a new scramble for portions of a disrupted China impending; and with the Japanese, American and British policies in the Far East clashing in a dozen other ways, they feel the conference has a tougher job on its hands than agreeing on naval tonnage, however important that may be and is.

Then there is the Anglo-Japanese alliance—as much in force today as ever, and will continue until denounced by either Britain or Japan. As it stands now, it menaces only the United States, whatever British or Japanese statesmen may say to the contrary.

If the Orient is left unsettled Japan's position in that part of the world will be strengthened in direct ratio to the measure to which the nations disarm. Total disarmament would be tantamount to making Japan a present of Asia, for a handful of her troops, already on the spot, could dominate the Asiatic continent and all Britain and America combined couldn't prevent it—without a navy.

Under Secretary Hughes' plan, partial disarmament coupled with the "A-J" alliance, would give Japan more than a 2 to 1 advantage in Far Eastern waters while even on paper the chances would be 8 to 5.

Secretary Hughes has done a historic thing, students of Far Eastern affairs observe. They express the hope he will tackle Pacific problems in a similar way.

Not a mere vacation for a few months or a few years, this to be followed by a break-neck, spend-thrift effort to make up for lost time while a superior force pounds away at American ports, but a really sound peace is what the United States demands.

The only possible foundation for that is:

1. Cancellation of the "A-J" pact.
2. An understanding with regard to the Far East; and
3. A downing of arms.

### Arbuckle Testimony Starts Monday

SAN FRANCISCO, CAL., November 17.—While prospects seemed bright for completion late today of a jury in the Arbuckle case, indications were that the introduction of testimony would not begin until Monday. Opening statements of counsel are expected to occupy all the intervening court sessions.

Twelve temporarily accepted jurors, three of them women, were in the box when court adjourned last evening.

### SCORE HURT WHEN TRAIN ON ELEVATED COLLIDE

CHICAGO, November 17.—Twenty-five persons were injured, two of them fatally, this morning when two five-car elevated trains, bound from the west side, were wrecked in a rear-end collision at the Crawford avenue station on the Oak Park line.

Three steel coaches were demolished and several victims pinned beneath the wreckage. Firemen with acetylene torches cut through the twisted metal to reach them.

The first train was leaving the Crawford elevated station when a speeding five-car, all steel, express dashed out of the fog and crashed through the rear of the car ahead. Two heavy steel cars were telescoped. Most of the seriously injured were in these coaches.

Three hundred passengers in other cars were thrown to the floors and showered with broken glass.

Many suffered minor cuts and bruises, but were able to proceed on other trains after receiving first aid.

The more seriously injured were removed by firemen to a nearby restaurant, where napkins were used for emergency bandages while waiting the arrival of physicians and ambulances.

Patrick McGuire, a guard on the first train, was pinned under the wreckage for more than an hour, until firemen obtained torches and cut through the mass of twisted steel plates and beams.

He may die. William Griffin, who was riding on the platform with McGuire, suffered a crushed leg and also may die.

### Bootleggers Not Paying Income Taxes

NEW YORK, November 17.—Between 25 and 30 bootleggers in New York City have defrauded the government of more than \$50,000,000 in 1920 income taxes and penalties, Frederick J. Kopf, assistant United States attorney of Brooklyn, stated today. Of several such cases, Mr. Kopf is investigating in Brooklyn, only one, that of Edward J. Donegan, a Brooklyn contractor, has been acted upon. The government has started proceedings to compel him to pay \$1,325,797 in taxes and penalties. Four other cases have been referred to Washington. Mr. Kopf said his \$50,000,000 estimate did not include similar delinquencies by hundreds of small bootleggers.

### OFFERS TO SURRENDER SOME TERRITORY- IF THE OTHER POWERS DO SAME

WASHINGTON, D. C., November 17.—(By the Associated Press)—The French attitude in a general way toward the Far Eastern proposals of China was set forth after a two hour conference by Premier Briand and other members of the delegation as follows:

1. France desires earnestly to aid China in realizing her aspirations, territorial, political and commercial.

2. France would give up Kouang Tehou, which she leased from China in 1898, provided Great Britain gave up Wei Hef Wei and Japan Shantung, leased by the Germans at the same time, and the Port Arthur peninsula.

3. France would not be unwilling to surrender her extra-territorial privileges were other powers willing to do the same. France gave up these privileges in Japan in 1906 and was in negotiation with Turkey to give them up there in 1914, when the war came. However, the French feel that extra territoriality should be maintained until it is clear that the Chinese republic can give adequate security and justice to foreigners.

4. The French colony of Indo-China did not belong to China, but in Amman. Consequently, Indo-China, the great French colony with 25,000,000 inhabitants, does not come in the question according to the French point of view. If, however, some question should be raised as to the rectification of the nine hundred mile Chinese frontier, the French government would be willing to discuss the boundary.

5. France approaches the discussions of Far Eastern questions in sympathy with Japan's need for expansion and for raw material. The French delegation desires under all circumstances to take a conciliatory and pacific role.

6. France is for open dealings of the powers with China and against any secret negotiations.

WASHINGTON, D. C., November 17.—(By the Associated Press)—Admiral Haren Kato, on behalf of the Japanese delegation to the Washington conference, today asked and received from the heads of the delegations of the nine participating powers a delay of several days to allow examination of the Far Eastern proposals submitted yesterday by China.

WASHINGTON, D. C., November 17.—(By the Associated Press)—With today's meeting, the Far Eastern discussions and those relating to armament reduction began to follow entirely independent pathways and there was a growing impression that sooner or later all the interested nations would come around to the view that the fortunes of the two are not inseparably linked. The United States from the first has felt that solution of the Far East questions would be a great aid in preserving peace, but the American delegates apparently do not feel that the armaments program need be a failure if the Far Eastern discussions fall short of an agreement.

WASHINGTON, D. C., November 17.—(By the Associated Press)—Secretary Hughes today called a meeting of the American delegates for 2:30 o'clock. The purpose of the meeting was not announced, but it was understood to be for discussion of the plans of delegation heads for dealing with Pacific and Far Eastern questions.

WASHINGTON, D. C., November 17.—(By the Associated Press)—Regarding the point that has been made in favor of the American plan that by favoring minorities, rather than expensive battleships, weaker nations may be placed on a plane of equality as such means of defense will be within their financial resources, it is explained in authoritative quarters that the British object decidedly to any plan that would tend to cheapen wars, and thereby render them more likely to occur.

The British are represented as feeling that the conference is not apt to abolish capital ships because they are expensive, but rather with the nobler purpose of avoiding war. A submarine which may be cheaper, they hold, will not accomplish the object in view. It was declared with significant emphasis that this subject is bound to loom large in the discussions not only of the conference, but in the press of the world.

WASHINGTON, D. C., November 17.—(By the Associated Press)—Heads of the delegations of the nine powers participating in discussion of Far Eastern questions at a meeting today decided to proceed first with the consideration of problems relating to China before entering upon other Far Eastern questions.

### U. S. AND BRITAIN SUPPORT PRINCIPLES OUTLINED BY CHINA IN FAR EAST

WASHINGTON, D. C., November 17.—(By the Associated Press)—The general principles presented by China for solution of the Far Eastern problems at the Washington conference as the delegations of the nine participating nations prepared to meet again today as a committee to work out plans of procedure for consideration of these problems. Known to have the moral support of the United States, these principles, at least so far as they stand for actual practice of the open door policy and for abolishment of "spheres of influence" in the Far East, also are declared on the highest authority to have the support of Great Britain. By the same authority, it was said the conference would proceed to consideration of Far Eastern questions at once on the basis of the proposals submitted by the Chinese delegates, the various principles set out in the plan to be referred to experts who will examine them and submit their reports to the full conference at the earliest practicable moment.

Japan would heartily subscribe to many of the points presented by China. It was stated by spokesmen for her delegation, but other points raised doubtful questions which might be answered only after mature consideration. Chief among the latter they regarded the proposal that the powers conclude no treaties affecting China without consulting her, the Japanese considering that this might directly affect the Anglo-Japanese alliance. It was declared to be the British view, however, that the alliance was not directly involved in the Chinese proposal, although it may later be drawn into the discussions. As directly affecting their individual national interests, the Japanese also appear to attach great importance to the proposal that all existing commitments relating to China should be "examined with a view to determining their scope and validity."

## Aims Of Various Powers At Arms Meet Are Bared

By DAVID LAWRENCE

WASHINGTON, Nov. 16.—Governments do not usually show their hand early in an international conference but enough has developed here already to determine what the general course of the various nations is to be. Now that the public sessions are temporarily at an end, it is important to know the principles and motives which are guiding the different powers in the secret committee meetings where after all the real conclusions will be reached for, as Bernard Shaw once said, principles are always easily settled but it is the details that cause difficulty.

Here is an outline of what the different powers are aiming to do as revealed in private expressions of their delegates as well as in public utterances.

Britain Wants Naval Cut

First—Great Britain is sincerely trying to bring about a reduction in the cost of naval armament and is ready to agree in entirety to the American proposal about scrapping large battleships but it is sensitive about the future development of the submarine and airplanes. If the truth were told, there is a good deal more fear of these two weapons of warfare than naval experts like to admit. Scrapping of battleships is not difficult if the submarine and airplane are to be used as instruments of offensive war. As the discussions proceed, these two

### AMERICA DOES NOT AGREE WITH BRITAIN ON THE SCRAPPING OF NAVY YARDS

WASHINGTON, D. C., November 17.—(By the Associated Press)—The British suggestion that each of the naval powers retain at least one naval building yard capable of turning out one ship a year does not appear to be understood by American naval officials. There was no suggestion in the American limitation proposals that any yards be scrapped and so far as navy yard facilities in this country are concerned all will be needed, it is said in the maintenance and repair of the retained fleet.

At present the United States has several navy yards equipped to build capital ships. It has not been contemplated here that it would be necessary under the reduction program to scrap the equipment of these shops and building docks. Some of the machinery would not be needed, of course, for repair work and would be idle, but the bulk of the government plants in each case would be constantly in use in keeping up the eighteen battleships to be retained by the United States. It was said. These ships, the newest in the navy, are in many cases, now approaching the point where regular overhaul programs are necessary to keep them in first class shape, and with the scrapping of the older ships that have been keeping the yards busy up to this time, officials feel that a sound repair program as to first class

### Five Hurt In Train Derailment

CLYDE, O., November 17.—Five persons injured late yesterday when two coaches and the baggage car of east bound passenger train No. 4 on the Wheeling and Lake Erie Railroad left the rails, were reported recovering today at a local hotel by physicians who attended them.

Those injured:

Mrs. R. A. Thaker, cut about the head.

Mrs. G. E. Harris, Saginaw, Mich., back injured.

Casper Magle, Toledo, brakeman, back injured.

H. L. Moore, Toledo, mail clerk, head and shoulder bruises.

Allen Swain, Toledo, mail car guard, back sprained.

A defective switch is said to have been responsible for the accident.

### Martial Law In Strike Zone

DENVER, COLO., November 17.—Martial law is in effect in Huerfano county today.

State rangers, acting under instructions from Colonel Patrick J. Harbuck, assistant general, took charge of law enforcement just a few hours prior to the time sent by union leaders for a strike today in thirteen mines of the Colorado Fuel and Iron Company, employing 3,500 men. Reduction of 20 per cent in wages, announced yesterday and effective today, was to be the signal for closing the mines by a walk-out, John P. McLennan, president District 15, United Mine Workers of America, announced.

McLennan declared that the other thirteen mines would be closed by a sympathetic strike within a few days. He said the mines are 90 per cent union.

The martial law proclamation was issued by Governor Shoup after an appeal had been received from Sheriff Harry Capps at Walsenburg, saying the situation was beyond his control.

No disturbance was reported as a result of the developments yesterday, although it was pay day for the miners.

Prohibition of the sale of arms and ammunition at Walsenburg yesterday, revealed, according to dispatches, that Walsenburg merchants already had sold out their entire stocks of arms and ammunition.

### HARDING TAKES HAND IN TAX REVISION ROW

WASHINGTON, D. C., November 17.—President Harding today informed house conferees on the revenue bill that a maximum sur tax rate of 40 per cent would be agreeable to the administration.

The revenue bill as passed by the house provided a maximum sur tax of 32 per cent, while the senate fixed a rate of 50 per cent. Compromising of this difference has been the chief obstacle of the conferees of the two houses in reaching an agreement on the measure.

The president's views were expressed at a conference at the White House with Chairman Fordney, of the house ways and means committee, and Representative Longworth, of Ohio, who with Mr. Fordney and Representative Green, of Iowa, make up the Republican house conferees.

Arrangements were made at the conference for the president to send a letter to Chairman Fordney, setting forth his views. Mr. Harding was represented as favoring the 32 per cent maximum, but agreeable to the forty per cent compromise, in view of the legislative situation.

Both the leaders of the "insurgents" and the Democrats had claimed there was a majority in the house for the

### EASY TO DARKEN YOUR GRAY HAIR

You Can Bring Back Color and Lustre With Sage Tea and Sulphur

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. At little cost, you can lay all any drug store the ready-to-use preparation, improved by the addition of other ingredients, called "Weyl's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and after another application or two your hair becomes beautifully darkened, glossy and luxuriant.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Weyl's Sage and Sulphur Compound, and look years younger.

### Heavy Rains To Boom The Ohio

With a heavy rainfall reported throughout the Ohio valley, the Ohio river is expected to rise rapidly in the Portsmouth district during the next 48 hours. The rainfall here for the 24 hours preceding 7 a. m. this morning was 1.64 inches and this caused the stream to start rising, a stage of 17.5 feet being recorded here this morning.

The only boat movement Thursday was the Chris Green which passed up for Huntington.

### Prizes Awarded

Although disappointed because the state officers failed to arrive, members of the Portsmouth Council No. 58, J. E. O. T. A. M. enjoyed one of the finest meetings for some time last night in the Old Fellows hall. Prizes were last year in a membership contest were awarded, the lodge receiving a complete set of pedestal covers as a reward for meritorious work in the campaign. John Lawhorn and Harry Yates were presented with gold commemorative rings and Frank Schmidt received a gold medal button. Two other prizes were not awarded because the members who were to receive the honors were not present. The prizes were presented by Vernon Smith, deputy state councillor of New Boston in the absence of W. A. Clark, state organizer of Tippecanoe City, O., and J. G. A. Richter, state secretary from Canton, who failed to arrive due to missing a train.

Charles Quickel was re-elected to membership. Talks were made by Attorney A. R. Campbell representing the Vauclough lodge and J. M. Lyons from Petersburg, Ky. Lodge 200 members were present including visitors from Vauclough, New Boston, Minford, McDermott and Petersburg, Ky.

A lunch was enjoyed at the conclusion of the business meeting. The committee in charge of the arrangements consisted of Frank Schmidt, P. W. Quickel and Morris Thatchler.

### Eyes Sensitive To Bright Lights.

This is another "movie" ad. Do you know that thousands of folks do not attend the movies at all because of the distress they experience? And such a condition shouldn't be. And it needn't be. Because we can furnish lenses that entirely remove all trouble from this cause. The eyes are examined in the usual way, and we have the correction ground into a pair of special lenses. Glad to explain further to you!

### FORGER PASSES MANY BAD CHECKS

The police are looking for a smooth individual that sailed under the name of Fred LaRoy who visited the city Tuesday and departed, leaving behind a trail of worthless checks issued in the name of Ferrell Bros., proprietors of a fruit store on Second street, near Market. The bogus checks which the fellow succeeded in working were for small amounts and among the victims were the Brunswick hotel and the Washington hotel.

The bogus checks used by the man were stolen from Ferrell Bros. when he was given permission to use their desk to write a letter. When the bogus checks were discovered the police were notified and the officers watched all outgoing trains but in vain as the forger had made good his escape. The stranger claimed to be a magazine editor from Pittsburgh.

### Epworth League Institute Sunday

One of the series of twenty-four Epworth League Institutes being held in the Portsmouth District of Methodist Episcopal churches will be held Sunday at the Sciotoville M. E. church, (the first service to be held at 2:30 in the afternoon).  
Miss Miriam Brown of Chicago, field worker for the Junior Epworth League will be here and will speak in the afternoon. At the afternoon session L. E. Butler of the Bigelow M. Hawk, District Superintendent.

### Denies Unwarranted Hangings Of American Soldiers Overseas

OMAHA, NEB., November 17.—Charges of unwarranted hangings of American soldiers overseas, recently made in the United States senate by Senator Watson, of Georgia, were denied today by Colonel William O. Gilbert, who had charge of death, dismissal and penitentiary cases at A. E. F. headquarters at Chamonix, France.

"There is not one word of truth in the tales of these executions," Colonel Gilbert was quoted as saying. "If I remember rightly, there were about ten men executed in France," adding that the death penalty was not inflicted except for murder and criminal assault.

"If these brutal hangings of men without trial had occurred," he said, "crimons of them would have reached our office, even though we would have no official record of such things."

"Not one man was executed for military offenses. There was no man more careful to see that a soldier was not executed except on proof positive of his guilt than General Pershing. He took extreme care and personally went over every case, turning down a great many of them."

Colonel Gilbert is judge advocate of the eighth army corps area with headquarters at Fort Sam Houston, Texas.

# It No Red Cross, Then What?

Did you ever stop to think what would happen after a disaster? If the Red Cross were to "step in" and take charge of relief work, you know that there would have to be some organization to collect funds and look after those in distress. All that would be done is to have a permanent organization ready to jump in at a moment's notice, as these disasters average almost one a week, there being 43 last year.

If you realize this, then don't hesitate in giving your subscription for a Red Cross membership. If you are financially able to give more than \$1, take but one of the other forms of membership.

Below is something of interest concerning the work of the Red Cross in disaster, and it should be remembered that this is but one form of Red Cross work.

Forty-three disasters, resulting in the death in the United States of 570 persons and the injury of 2,500 called for emergency relief measures, and the expenditure of \$1,571,000 by the American Red Cross during the fiscal year ending June 30, 1921, says an announcement based upon the forthcoming annual report of the Red Cross. These disasters caused property damage estimated at \$30,000,000, affected 3,700,000 persons, and rendered 65,000 families homeless.

The year's disasters were of various types, including several which previously had never been thought of as falling within that classification. The Red Cross furnished relief in seventeen fires of magnitude, fire in seven states, three explosions, including the one in Wall street; one building accident, two typhoid epidemics, the most serious being that at Salem, Ohio, which affected 9 per cent of the population; one smallpox epidemic in the republic of Haiti; one train wreck, the race riot at Tulsa, Okla.; the famine in China; emergency relief in famine among the Indians of Alaska; the grass hopper plague in North Dakota; and an earthquake in Italy.

By far the most severe of the disasters in the United States during the period covered by the Red Cross report was the Pueblo flood early in June, 1921. The rehabilitation problem confronting the Red Cross in Pueblo was one of the most difficult in recent years. When the first news of the horror was flashed throughout the country, the American Red Cross National Headquarters responded with a grant of \$105,000 for relief work. Governor Shoup of Colorado, appreciating the long and successful experience of the Red Cross in organizing disaster relief work, placed the entire responsibility for the administration of relief in its hands.

In response to appeals from President Harding, Governor Shoup and other governors of western states and through local chapters of the Red Cross and other community organizations, public-spirited citizens brought the total contributed for Pueblo's rehabilitation to more than \$325,000.

The terrible havoc wrought by the flood waters is a matter of record. More than 2,500 homes were affected, 17,000 acres of crops were destroyed. Estimates of \$500,000 as an absolute minimum for rehabilitation were made by Red Cross officials in charge of the relief work.

## Federal Accountant At Work On Books Of The City; Will Give Valuable Data

Since the population of Portsmouth according to census figures now exceeds 30,000, the city comes under the Federal Law of comparable statistics, and John D. Ridenbaur, Washington, D. C. special agent of the Census Bureau, U. S. Department of Commerce, is at work in the office of the city auditor compiling data regarding the receipts and disbursements of the city.

In speaking of the system of accounts and bookkeeping of the city, Mr. Ridenbaur says that the records are well kept and information is readily accessible and that the methods of the auditor J. Earl Chandler compare favorably with the many other cities that he has visited.

The United States Bureau of the Census annually issues a report on financial statistics of cities having a population of over 30,000. These reports contain comparable statistics on (1) the total and per capita receipts from municipal administration in their own cities with those in other cities. The wide-awake citizen interested in the physical and financial welfare of his

city can find his weak points by comparing its operations with those of other cities of about the same size and similarly situated. To provide the data to make this comparison possible is the purpose of the inquiry conducted by the Bureau of Census. In so far as this purpose is accomplished, the city is assisted in securing better and more economical administration of public funds. Better management results in increased safety to the lives and property of all the citizens better health conditions, greater recreation opportunities, and wider scope in educational activities. More economical administration, whether resulting in securing more for money expended or in retaining in the city treasury for future uses money formerly wasted, results in financial benefit to every taxpayer.

Annual reports similar to these for cities are published for state governments. The law provides for such a census has been in effect a number of years but this is the first year Portsmouth has been in the 30,000 class and eligible for the census.

## HUNTER IS SHOT; MAY LOSE AN EYE

Walter C. Newman, 1908 Eleventh street, an employee of the Universal Motor company, may lose the sight of his right eye as the result of the first accident of the hunting season reported in this section.

Mr. Newman was hunting on the Vm. Seaman farm, near Serpent Mound in Adams county yesterday.

When a rabbit jumped up between him and his fellow hunter, "Buck" Armstrong, salesman employed by the Portsmouth Auto and Supply company, and the latter fired on the bunny with the result that his companion was hit in the eye, about 15 shot lodged in his breast and legs. It was purely an accident and resulted from Armstrong failing to notice that his companion was in range of the shot.

The injured man was brought to his home in this city and he is under the care of Dr. H. A. Green, eye specialist, who so far has been unable to determine whether the shot is still in the eye.

## DEATH CLAIMS "DR." W. H. WAGNER

Death this morning claimed "Dr." W. H. Wagner, one of the city's best known citizens, the final summons coming at his home, 622 Second street, where he had been engaged in business for many years. The immediate cause of death was bright's disease. He had been in his condition for more than a year, but his health was not regarded as serious until several weeks ago when he declined rapidly.

William Harrison Wagner would have been 62 years old had he lived until April 6 next. He was born in Huntington, Pa., in 1859, and came to Portsmouth in the early eighties. He was a famous herbalist and sold medicine of all kinds. He claimed that during his long years here he had effected many cures. He was a collector of curios and has a very fine collection on display at his place of business. He would pay any price for a curio and took much pleasure in showing them to friends. He lived among them and regarded them as his friends. In addition to his wife, he leaves one son, Harry J. Wagner, who was engaged in business with his father, and two daughters, Mrs. Nora Owens of Huntington, Pa., and Mrs. Cora Rogers of Altoona, Pa. He also leaves 14 grandchildren.

Mr. Wagner was a veteran of the Civil War and served his flag with distinction during this memorable conflict. Sometime ago he selected his own tombstone, which will be erected at the head of his grave in Greentown cemetery. He selected the words to be inscribed upon it and frequently remarked that when he had passed on a suitable shaft would mark his last resting place.

Mr. Wagner was a great believer in the West End and was a progressive citizen. He was congenial and companionable at all times and had many friends. He loved to mingle among them and discuss the issues of the day.

He was well posted on current topics as he was a man who gave much time to reading and read good literature. He always was faithful to the old West End and spent many happy years in that section. To know Mr. Wagner was to be his friend and his generous deeds will linger long in the memories of those who knew the man and knew his kindly and sympathetic nature.

## Father And Son Attempt To Free Horse In Midstream; Son Drowns

MANCHESTER, Nov. 7.—Lata Wellman, 15-year-old son, Ervin, were crossing Island Creek, two miles east of here with a team of horses, the wagon tongue broke in midstream. The father and son then attempted to free the horses, but on account of high

water and swift current in that treacherous stream, the son was swept under and drowned. The banks were soon lined with neighbors and a search kept up all night. The body had not yet been found. The Tuckers are substantial citizens of the county.

## Judge McCall Fines His First Prisoner

B. E. Chase, Ironton young man, arrested Thursday by Detective Reed for train riding, failed the distinction of being the first offender to face Judge McCall, who presided over his first session of Municipal court Thursday. The new judge handed Chase a fine of \$5 and costs under his plea of guilty.

In default payment committed the prisoner to jail.

## Against Gas Rate Raise

CINCINNATI, Nov. 17.—Elwood Wallace Council, on the advice of Village Solicitor E. A. Tapp, adopted a resolution last night to refuse to consider any increase in the present gas rate of 35 cents a thousand cubic feet.

No negotiations have been conducted between Elwood Place electric and the Union Gas and Electric Company. It was said, following the meeting, that the action was taken so that if a demand is made for an increased rate the matter automatically will be referred to the State Public Utilities Commission.

The conflict between Elwood Place and the gas company, which erupted November 5, was for approval of cut year.

## COURT HOUSE

**Gets Divorce and Former Name**  
On the ground of desertion, Nannie Wigglesworth, of Court street, has been granted a decree by Judge Thomas, divorcing her from John Wigglesworth and restoring her to her former name of Edmonston, according to an entry filed in the office of the clerk of courts Thursday.

The case was submitted to the court several weeks ago and at the time was taken under advisement.

**Appellate Court Takes Adjournment**  
Court of Appeals concluded its work here for the present with the hearing of the appeal case Thursday morning of Melissa Walton against Anna West, involving title to a house and lot on Gay street, and then the court took adjournment until early in January when it will return to complete the hearing of the docket for this term.

Judge William H. Middleton returned to his home in Waverly yesterday. Judges Edwin D. Sarge and Roscoe J. Manick will remain here for consultation until Friday afternoon, when they will leave for their homes at Athens and Gallipolis to spend the weekend.

**Judgment For Plaintiff**  
An entry was filed in the office of the clerk of courts Thursday awarding judgment in favor of the plaintiff in the sum of \$797.00 in the case of Melissa Bramham against Charles E. Shively and others and ordering foreclosure of a mortgage on a house and lot on High street, given to secure payment of a promissory note, Attorney H. L. Small for plaintiff.

**"Neglect and Seeks," Says Hubby**  
Declaring that all he received from the defendant while he lived with her was neglect and seclusion, Herbert Lowery, shoeworker, Columbus, seeks a divorce from Edna Lowery, now living in this city, in an action instituted in the Franklin county courts yesterday.

Through Attorney A. E. Klotz, Columbus, the plaintiff says that at the

**Found Guilty of Contempt**  
Henry P. Wooten, 65, who was arrested Tuesday night for contempt of court for refusing to obey an order of the court, temporarily restraining him from going about the home of his wife, Cynthia Wooten, 2117 Seventh street, pending the final hearing of her suit for divorce, was found guilty by Judge Gilliland at a hearing in probate court Thursday and he was fined \$10 and sentenced to spend ten days in jail.

Wooten, who was defended by Attorney Harry Miller, is alleged to have declared at the time the injunction papers were served on him that he would do before he would leave the house, asserting that the property belonged to him and defied anyone to invade his fort.

Judge Gilliland, who granted the temporary injunction in the absence of Judge Thomas, heard the contempt proceedings as the latter has not returned.

**File Error Proceedings**  
Error proceedings from the judgment of Squire William McManes of New Boston in the cases of Charles Leonard and John Musie, recently convicted and fined in the magistrates court for alleged violating the prohibition laws, were filed in Common Pleas court Thursday by Attorney Horace L. Small on behalf of the defendants.

Leonard and Musie were arrested by State prohibition enforcement officers and were fined \$1000 each by Squire McManes.

**Trio Locked Up**  
Dave Stevens, 22, and Budha Proctor, 18, both of Ironton, were taken into custody Thursday and taken before the probate court to meet charges of contributing to the delinquency of a minor.

Clydia Harrison, 15 year old girl, who also was brought before the court for alleged delinquency. All four girls and they were sent to the county jail by Judge Gilliland pending the hearing in the case Friday morning.

The complaints were filed by Miss Emma Hubbert, welfare worker, and

alleges that the girl is immoral and ran away from the home of her sister, Mrs. Florence Webb, 2301 Ninth street, in order to associate with Stevens in an improper manner.

## Wife Charges Cruelty

The first case to be filed by Attorney W. L. Sprague since resuming his law practice, was instituted in Common Pleas court Thursday on behalf of Agnes Fraley, New Boston, who is seeking a divorce and alimony from Norman Fraley, who gained considerable fame some weeks ago through his arrest of the "fly-cops" that operated in this vicinity for a time.

They were married February 7, 1917, and in her bill of complaint the wife alleges cruelty and infidelity. She declares that he has struck and beat her on frequent occasions and claims that about two years ago she was compelled to bring an action for divorce because of his ill treatment but says she later withdrew the application on his promise to do better. She now asserts that after the suit was dismissed that Fraley began a systematic course of ill-treatment which she declares has become so gross and extreme that she has been compelled to separate from him. She charges that as late as last Tuesday the defendant struck her with his fists and otherwise abused her. This wife says she is the owner in her own name of a lot on Stanton avenue, New Boston and joint owner with the defendant of another lot in the same vicinity, declaring that she has always worked and supported herself and that the property described was paid for almost entirely through her efforts. She also seeks to be restored to her former name of McCallough and she secured a temporary injunction preventing the defendant from coming about her home and restraining him from disposing of or encumbering a Chevrolet automobile which she says he bought three years ago, paying for it by placing a mortgage on their real estate, she claims.

## LOCAL FIREMAN SAYS PEPGEN QUICKLY RELIEVED HIS INDIGESTION AFTER MANY OTHER MEDICINES FAILED TO HELP HIM

### She Feels Like A New Person; Thanks Peppen

"I am glad to recommend Peppen to men and women who suffer from stomach and kidney troubles," says Miss Rachel Spence, of 1022 Fourth street, Portsmouth.

"For over a year I suffered from disordered kidneys and stomach. My trouble was never so severe that I was confined to my bed but I felt constantly and at times felt miserable. I tried a great many medicines but none of them helped me.

"I read about Peppen in the Portsmouth newspapers and started taking this medicine. I'm mighty glad now that I did try Peppen because it surely has done me a great deal of good. It had a beneficial effect upon my entire system. My stomach and kidneys are in good condition now. I really feel like a new person.

"I know from my experience that Peppen is a very unusual medicine and I'm glad to recommend it."

Peppen is recommended and sold by Fisher and Streich Pharmacy. It is also stocked by all other leading pharmacies in Portsmouth and nearby towns.

### Albert Cline Says This New Preparation Was Just What He Needed

"Although I had suffered severely with indigestion for more than six months, Peppen quickly relieved me," says Albert Cline, 67 1214 Ninth street, Portsmouth, stationary fireman employed at the N. and W. Terminal, this city.

"Yes, for six months I don't believe I ate a single meal without suffering afterward. Gas formed on my stomach after eating. Almost immediately after every meal, I would suffer from heartburn. All my food disagreed with me and would not digest right.

"I tried a great many different medicines but none of them did me much good. Then I read in the newspapers about Peppen. I got a bottle at Fisher and Streich's, and started taking it. Peppen was just what I needed. It quickly relieved me. I do not suffer now from gas, heartburn or indigestion. I can even eat a heavy meal without trouble afterward.

"It gives me pleasure to recommend such a medicine as Peppen to all my friends and the public in general.

Peppen has given relief in hundreds of thousands of cases of indigestion, biliousness, dyspepsia, heartburn and other stomach disorders. Try Peppen.

Peppen is recommended and sold by Fisher and Streich Pharmacy. It is also stocked by all other leading pharmacies in Portsmouth and nearby towns.

### Local People Are United In Their Opinions

"I suffered from liver trouble for a number of years," says Mrs. Gertrude Rudy, of 924 Third street, Portsmouth. "I spent a great deal of money for different medicines but none of them helped me. Then I started taking Peppen. It has given me entire relief. I highly recommend Peppen."

"I consider Peppen a wonderful medicine, especially for children," says Mrs. Gus Lipp, of 637 Second street, Portsmouth. "My little girl, Margaret, aged nine, looked vigor and energy. It was seldom that she ever played with the other children. Margaret is showing many signs of improvement since I gave her Peppen. I think Peppen is wonderful."

"My husband thinks Peppen is the greatest medicine he ever tried, since it relieved his stomach trouble," says Mrs. R. Cole, 530 Front street, Portsmouth. "My husband's appetite was poor. Food did not agree with him. Peppen gave him a wonderful appetite and put his stomach in such good condition that he can eat anything he cares for."

Peppen is recommended and sold by Fisher and Streich's Pharmacy. It is also stocked by all other leading pharmacies in Portsmouth and nearby towns.

## SOCIETY

The Country Club will meet Friday afternoon at the home of Mrs. E. C. McCoy, on Lincoln street.

The L. G. A. club held a short business and social session last evening at the high school with Raymond Zurens in charge. After the business meeting a social session was enjoyed which proved to be a pleasant birthday surprise party for Mr. Bert Leach. Games and music followed the evening after which refreshments were served. The table was adorned with a large birthday cake inscribed with the words "Bert Leach."

At a meeting yesterday afternoon the seniors elected the following members for the executive committee: Jack Crensy, Raymond Zurens, Clyde Berry, Fred Erle, and Ruth Millard. The president, Howard Harris, appointed the following committees:

Social: Kathryn Elliott, Mildred Schloss, Bertha Salards, Thelma Mann, Oleta Albertson, Raymond Morris and Clyde Gulliver. Picture Committee: Lowell Adams, Katharine, Kathryn Locke, Thelma Workman.

The first recital of the Junior Musical, under the direction of Mr. Foster Kinkadee will be held in Mr. Kinkadee's studio on Gallia street Saturday afternoon at three o'clock. This is a new organization in music circles and is under the auspices of the Ladies' Musical. These recitals will be held once a month and all the music teachers in the city are invited to present their pupils from time to time. The children will have entire charge of the affair, leaving their own programs, recitations, etc. Owing to the limited space in Mr. Kinkadee's studio the recital Saturday will be for the pupils and their teachers, only, but later on a public exhibition will be given to which their parents and friends will be invited.

Mrs. W. E. Gault, 732 Second street, welcomed members of the Buckeye Club and a few guests to her home yesterday afternoon. Sewing was the diversion after which ladies refreshments were served. Guests for the afternoon were: Mrs. Samuel Hanner, Ostrander, O. Mrs. O. H. Brown, Huntington, West Va.; and Miss Strum, Denver, Colo., house guest of Mrs. J. F. Carr.

Mrs. Frank Apple's Sunday school class of Trinity church will meet tomorrow evening at the home of the Messrs Ethel and Stella McCall on Highland avenue.

Reinold Warren, the famous baritone singer, who will give an artists concert in the Columbia theatre Monday evening at 8:15 o'clock under the auspices of the Ladies' Musical, will arrive in the city Monday afternoon at 2:15 o'clock from New York City. The concert promises to be a brilliant social and financial success, as the audience will be made up of the most prominent people of Portsmouth and vicinity.

A fruit shower for the Children's Home will be a feature of the meeting of the Bigelow Children's Mission Band Saturday afternoon at two o'clock at the Bigelow church. Little Miss Anna Grace Spencer will be the hostess of the meeting and all children of the band are requested to be present. There will be some sewing done by the older members. Those attending are requested to bring their things.

A lovely social function of last evening was the Shriners' Dance held in the Winter Garden on Gallia and Bond streets. The large ballroom furnished a beautiful setting for the seventy-five couples who tripped the light fantastic from 8:30 until 11:30 o'clock. Davidson's Orchestra furnished the music and during the intermission a delicious lunch was served

craft can be adopted for the first time. If the British suggestion, a whole formal one as yet, so far as known, has to do with providing means for insuring the advancement of naval engineering knowledge during the proposed ten year holiday, there is no doubt that it will receive much approval among American naval officers. That aspect of the holiday proposal already has appeared to technical experts of the United States. They have assumed that this would be covered in the final form of the holiday agreement.

One thing that many officers hope would be possible under the limitation program is that the navy can be kept in better shape at all times than was possible with the larger fleets and extensive work on the new programs. This has to do, it is said, more with preparation of plans for vessels of all types than with the actual condition of the ships afloat. Those are always in about the state of readiness it would be possible to keep them, but with technical personnel released by the reduction of the navy, from other tasks, it is hoped that plans for all sorts of auxiliaries which would be needed in war can be kept up on a thoroughly maintained scale and these vessels not be, as was the case in 1917-18, the product of hurried planning. The question involved is one of keeping a sufficient technical force at work during the naval holiday to round out and revise the plans constantly.

## HAVE COLOR IN CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their color. To have clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause. Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

They start the bile and overcome constipation. Take one or two nightly and note the pleasing results. Millions of boxes are sold annually at 15c and 30c.

## Bandits Blow Theatre Safe

CINCINNATI, O., November 17.—Two armed bandits, one of them masked, this morning at 6:45 held up Charles Wuest, night watchman, and Henry Hyman, elevator man, at the Orpheum Theater, bound them to seats in the auditorium, tied cloths around their heads and then blew the safe in the office of the theater. They obtained \$1,000 and escaped. Wuest and Hyman finally managed to work themselves loose from the bonds and give the alarm.

Two men, believed to be the same that blew the safe at the Orpheum, later appeared at the Boulevard Theater. They seized and gagged Ella Devine, janitress. While one intimidated her with a pistol, the other hummed the tune from the safe, opened the doors and was about to blow the inner doors when the motion picture operator arrived and frightened the robbers away. All they obtained there was a few dollars, which they grabbed from a change box.

Crude forms of taximeters were used by the Chinese and Romans before the days of Christ.

HILL'S C. B. Q. Tablets are best by test. Try this simple experiment:

1. Drop a C. B. Q. Tablet in a glass of clear water.
2. Instantly the tablet begins disintegrating or "breaking up."
3. In 10 seconds the medicinal properties are thoroughly mixed with water.

Then, HILL'S C. B. Q. Tablets act immediately, give relief without delay and begin checking colds and La Grippe long before ordinary tablets, by actual test, are absorbed by the stomach juices. To prove this, subject other than C. B. Q. Tablets to the test, and observe that it is not instant relief, but more is required for complete disintegration.

**TO WITHHOLD CROPS**  
GRAND RAPIDS, MICH., November 17.—Members of the Chautauque Clearing House Association, in annual meeting here, announced the intention of withholding their crops from the market until more favorable prices prevail. The association interests control or own twenty-five elevators in Ohio and Michigan and live potato warehouses in this state. Confidence prevailed that prices on the principal farm products soon would advance.

MRS. GREEN  
WEAK AND FRAIL

Tells How Vinol Built Her Up And Increased Her Weight

MRS. S. V. GREEN  
READ HER LETTER

Emporia, Kansas.—"Bronchitis left me in a weak run-down condition so I was too weak and frail to do my work—I took all kinds of cough syrups and tonics but did not seem to gain. One day I read about Vinol and tried it. I commenced to improve. It gave me a good appetite, it built up my wasted tissues. I gained in weight and it strengthened and toned me up generally."—Mrs. S. V. Green, 2 South State Street, Emporia, Kansas.

The reason Vinol is so successful in such cases is because it contains the curative tissue building elements of fresh cods' livers, (without oil), together with the blood making and strength creating properties of Iron and Beef Epithelium which makes Vinol without a peer for overcoming frail, weak, run-down conditions. \$1.00 per bottle, guaranteed.—Advertisement.

**VIOLA DANA**  
DONN BYRNES  
PUPPETS OF FATE

—and if you don't, see it anyway, and wish you did believe

Directed by Dallas M. Fitzgerald

A Big Double bill of Pictures and Music at the Eastland Theatre for Three Days Starting Tonight, Matinee and Night. Kamaka's Hawaiian Entertainers. A Big Musical Treat and Viola Dana in her new feature picture "Puppets of Fate" with a Jimmy Aubrey Comedy as the added feature.

**PROGRAM**  
A—"Snowbound"—A Sunset Burial Polyphonic.  
B—Metro presents Viola Dana in "Puppets of Fate."  
C—Kamaka's Hawaiian Entertainers.  
D—Vilgrag presents Jimmy Aubrey in "The Riot."

The announcement that Viola Dana will be seen in a new picture, "Puppets of Fate," at the Eastland theatre tonight for three days, will be glad news to the many admirers of this charming little screen star.

Especially will they be pleased to know that in this picture the magnetic actress displays hitherto unexplored powers.

This story of an Italian beauty whose tragic experience touches the heartstrings and compels interest, is an exceptional one. Viola Dana plays the stellar role of Sorrentina Falcone, the exquisite Venetian dame, who, in her cradled old palazzo, while her husband, Gabriel, disappears in America, whether he has gone to win his fortune, Sorrentina comes to New York to find Gabriel now a successful gambler in the clubs of an adventurer, who has made him marry her. The alignment wife is poverty-stricken, but later a big name with her married name. Unexpectedly startling is the thrilling denouement of the picture.

**HONORARY DEGREE FOR DIAZ**  
CINCINNATI, O., Nov. 17.—When General Armando Diaz, commander of the Italian army during the war, was in Cincinnati on December 6, he will be the recipient of an honorary degree of Doctor of Laws at the University of Cincinnati. The ceremony will take place in the gymnasium of the University.

## A Big Musical Treat At Eastland Tonight.

Following a chautauqua tour marked with success where they delighted the critical patrons attending, these artists, Kamaka's original native Hawaiians come to the Eastland Theatre tonight, Friday and Saturday, November 17, 18, 19, matinee daily.

If one likes Hawaiian music, the program offered on this occasion will be excellent for those not particularly fond of these quaint melodies the program is evenly balanced with catchy, up-to-date popular numbers.

The main endeavor of Kamaka's Hawaiians is to please all, and while

this is considered quite impossible, these artists have been wonderfully successful in delighting their audiences. The management of this theatre assures its patrons that in Kamaka's Hawaiians the attraction is one of the best on tour and worthy of excellent local support.

## Asthma Is Dangerous

Folly to Disregard Its Warning

Asthma is not only a disagreeable affliction but a dangerous one. The constant difficult breathing, the choked up air passages, the struggle for air, the loss of rest, the coming of a great strain on the nervous system and heart—often too great a strain to stand.

It is the worst of folly to neglect such a condition or to continually treat with ordinary narcotic medicines, drugs, inhalers, snappers or douches which merely give temporary relief from the choking paroxysms and do not relieve or correct the real cause of the trouble. Instead get from Wurster Bros. (Waller & Streich) or any druggist a small bottle of Oxidase (essential oil) tablets and take one at short intervals whenever distress is felt and one on going to bed. Instant relief is usually felt and in addition the effect of consistent treatment is to gradually bring about a greatly improved health condition at the symptoms of Asthma disappear forever. Oxidase is the successful prescription of a Worcester, Mass., physician and its treatment of Asthma, even in the very worst forms has probably never been exceeded.

Wurster Bros. and Waller & Streich sell it and patients find it a safe, pleasant and inexpensive treatment to use.—Advertisement.

## Diaz Guest Of Cleveland

CLEVELAND, Nov. 17.—Military organizations and the chamber of commerce cooperated with Dr. Nicola Corri Italian vice consul, and representatives of Italian societies in welcoming General Armando Diaz, commander in chief of the Italian armies, to Cleveland today. He arrived from Washington this morning on the first leg of his trip to the Pacific coast.

Special significance was attached to his visit to this state, in that the only regiment of American soldiers to serve on the Italian front during the world war—the 32nd Infantry—was composed principally of Ohioans, a number of whom were Clevelanders. The regiment acted as the general's military escort during his stay here.

**"The White Circle"**  
Musical Comedy At Sea

Watson's Whimsical Wonders that made a big hit with their musical comedy the first two days of the week, presented an entire change of bill yesterday giving another dandy evening show that won instant approval of Wednesday's audiences. The show is without a doubt the best of its size in Portsmouth this season. The special feature including the Cadillac Four a male quartet of real baritone, Rose and Walton, Dixie dancers and several others make the show well worth while. There is plenty of wholesome clean comedy that makes a hit with any audience.

This show will be presented tonight for the last night as an entire change of bill will be made Friday. The five real feature for the second half of the week is "The White Circle," a first run feature.

Special double bill on Saturday for only 11 cents, including war tax.

## Arms Of Powers

(Continued From Page One)

will grow in importance. They are the real "details" of the naval proposals. The question of shipyards for replacement and repairs will give little difficulty. As yet nothing has been said publicly about the Anglo-Japanese alliance but the British delegations know the American view. Great Britain appears ready to give up the Anglo-Japanese alliance but will use it as a bargaining point to gain from the United States either an understanding about the funding of war debts or concessions in respect of naval matters. The probabilities are that the British themselves haven't decided the point but they do know the United States is eager to have the alliance abrogated and with characteristic diplomacy, the British are awaiting the opportune moment to obtain some "quid pro quo."

**Japan Sees Value of Submarine**  
Second—Japan is rather eager for reduction of naval armament but like Great Britain she sees a value in the submarine. Japan's desire however is to use the submarine and to obtain permission to build a submarine, which is big enough to operate at great distances from home. This coincides with the wish of American naval experts, too, who believe the offensive submarine is a valuable arm for possible operations in the Pacific. Great Britain has the humanitarian argument, however, and will emphasize it constantly and probably her view will prevail for it is easy to get public opinion aroused even to the point perhaps of abolishing submarines altogether because of the fact that their only practical use is by inflicting raids on surface craft. Japan's real aim at this conference is not naval armaments which seems easy to adjust but Far Eastern affairs. This means China. Japan has made it plain that she is willing to go along with the great powers in their desire to lift the tax burden but that she wants a more or less free hand in China. Baron Kato is represented as saying he hoped the United States "would not unduly interfere" in China. That's the crux of the whole thing. Japan wants a free hand in China, or failing that, she hopes for as little limitation on her pretensions as possible.

**France Interested In Armies**  
Third—France is an onlooker in matters of naval armament. But her part is none the less influential. Premier Briand has been maneuvering to draw Italy to his side but while the latter is willing to give France support on some points, the truth is Italy is watching the United States and will follow Secretary Hughes more than Premier Briand. France is interested not in reducing land armament but in placing emphatically before the world her case against Germany on reparations and national security. After three years of speech-making the French realize they have not made a convincing impression upon other countries as to their need for a large standing army. Premier Briand is preparing a master stroke. He will soon offer to give up the expense of that army if guarantees of national security are given France, and if the powers including the United States will somehow underwrite the payment by Germany of her debts. If such a move leads to a discussion informally of war debts as a whole Great Britain will be found beside France urging a world readjustment of war debts either through a special international conference or through an agreement to be reached at Washington.

**China Prepares For Battle**  
Fourth—China is preparing for a great battle. She will ask for more than she will probably get. She wants the world to make new and practical professions guaranteeing her territorial integrity and political independence. She wants the powers to give back some of the rights they now have. She wants, if possible, the right to regulate her own tariff. She will fight to the last ditch to be protected against Japanese aggression. Her time hasn't come yet but her determination will make the fight of their lives at Washington, a fight that will transcend anything they attempted at Paris, where China suffered defeat.

**Little Powers Watching Rights**  
Fifth—The Netherlands, Portugal and Belgium are merely watching that their rights in the Far East shall not be diminished by any action or agreement of the larger powers. There is a role of alert observation but they will unquestionably follow the great powers if an equitable adjustment of Far Eastern matters is reached.

Sixth—The attitude of the United States as made public by Secretary Hughes constitutes virtually all that America is willing to do on naval armament but the American naval experts may present even further plans for reduction of armament expense and will at least not adopt an obstructive attitude. Backed by the instruction of President Harding and Secretary Hughes, the naval experts of the United States will go the limit in trying to cut down expense and at the same time maintain an effective navy for defense.

Already there are fears that the naval experts of all nations in secret conference will revise the Hughes plan upward and add rather than subtract from it. Until more meetings are held the truth of this apprehension cannot be determined but the tenacity of the British and American naval men at least is to hold the program to the Hughes minimum. One thing seems certain: While the Paris conference wrote the death warrant of militarism, the Washington conference three years later is setting the doom of navalism.

## ACIDS IN STOMACH CAUSE INDIGESTION

Create Gas, Sourness and Pain How To Treat

Medical authorities state that nearly nine-tenths of the cases of stomach trouble, indigestion, sourness, burning, gas, bloating, nausea, etc., are due to an excess of hydrochloric acid in the stomach and not as some believe to a lack of digestive juices. The delicate stomach lining is irritated, digestion is delayed and food sours, causing the disagreeable symptoms which every stomach sufferer knows so well.

Artificial digesters are not needed in such cases and may do real harm. Try laying aside all digestive aids and instead get from any druggist a few ounces of Bismarck Magnesia and take a teaspoonful in a quarter glass of water right after eating. This sweetens the stomach, prevents the formation of excess acid and there is no sourness, gas or pain. Bismarck Magnesia (in powder or tablet form) never liquid or milk) is harmless to the stomach, inexpensive to take and is the most efficient form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.—Advertisement.

## BRINGING UP FATHER

## Council Plans For New Committee Assignments—Miss Cramer At Meeting; Busy Session Was Held

But little business outside the usual routine came up for action before the regular meeting of Council Wednesday and as a consequence the session was soon over, lasting little more than an hour. President George Vandervoort presided and the full membership was present.

Councilwoman-elect Miss Emma Cramer, who will take her seat the first of the new year, was an interested spectator at the meeting. She was accompanied by her brother, William Cramer, of Columbus who formerly lived here and was president of council two terms, and he was warmly greeted by his old friends.

Member Osborn pointed out that there will be a considerable change in the personnel of council with the coming of the new year, but three of the present members holding over, and at his suggestion President-elect Al. Weghorst called a caucus of the new members to be held on the night of November 20 in order that committee assignments may be made and that the new members may get an understanding as to their duties as well as to the various committees of the city.

A petition signed by Mrs. Elizabeth Cooper and fifteen other property owners was presented asking for the construction of a sanitary sewer in the alley between Sixth and Seventh streets, Broadway to Broadway, and it was referred to the street committee for a report.

In a communication Engineer Geo. S. Wilhelm sought the approval of council to a plan submitted to allow his assistant, E. H. McMillen represent the engineer's office alternately with him in the future but the matter was passed over to the incoming council to decide.

The engineer presented an estimate of \$1200 for paving Chillicothe street between the present paving and curb in front of Hampstead hospital but on the suggestion of Member Westphal the legislation for the improvement was held up for the reason that it was feared it might interfere with the proposed widening of the Trail from Kinney's Lane to the corporation line. The engineer submitted an estimate of \$177.50 for repaving the bridge over Anna's Run at Sterling street in North Moreland and it was referred to the street committee. The engineer

also advised that he would have ready to submit at the next meeting plans and estimate for the construction of a concrete culvert at this point.

Resolutions were adopted authorizing the issuing of certificates of indebtedness aggregating \$200,000 to pay the property owners shares of the cost of paving various streets and alleys and constructing many sewers throughout the city, in anticipation of the sale of bond issues authorized by council.

The Law and Claims committee approved a report disallowing the claim of Leo Weber for damages to his property, out of the improvement of Cole avenue for the reason that he failed to file his claim within the time prescribed by law.

The sum of \$170.73 was voted to pay the salary due Traffic Officer Stanley Schroeder during his disablement through an accident and the sum of \$264 was voted to pay graduate nurses for the services at Hampstead hospital during emergencies. Safety Director Straus explained that from August 12 to October 24 there was a shortage of student nurses at the institution and that it became necessary to employ other nurses in order to properly care for the patients during that time.

On motion of Member Osborn the Law and Claims committee and the solicitor were instructed to investigate and report at the next meeting whether it would be possible to reduce the assessment for the paving of Plum street. Judge Osborn stated that under the present plan the cost of the improvement will fall upon two property owners and that it would be as heavy as to amount to practically confiscation. He declared that in his opinion the general public ought to stand the bulk of the cost for this improvement.

Member Osborn advised that he had investigated the tax duplicate at the court house and reported that he had found 14 lots on Jackson street, Rose Ridge addition, which were valued at \$170 each, which he pointed out, was not sufficient to stand the cost of paving that thoroughfare. There are 64 lots in the addition with a total frontage of 2382 feet and the paving of the street, based on the estimate of \$88,331, would cost \$8 a foot. In view of these disclosures the legislation providing for the improvement was held up until the property owners there can be interviewed concerning the signing of waivers.

The sum of \$800 was voted to pay the cost of providing better drainage in the alley east of the Y. M. C. A. at

East Portsmouth and an ordinance was presented regulating and restricting the conduct of taxi business in the vicinity of the N. & W. passenger station on Tenth street. The ordinance was referred to the ordinance committee.

A number of local boys were brought

## Twenty Four Years Ago

Charles Potter left for Chicago, where he accepted a position on the Port Wayne, Findlay and Western railroad. He was given a blow-out by his friends who looted around Corson's grocery.

West Crabtree, the East End grocer, ordered a few days' quit hunt in the vicinity of South Webster.

into Mayor Giddens' court for a good lecture for sneaking paint on front doors of various residences.

Marriage licenses were issued to Herman Hines, Jr. and Bertha Haines, both of Portsmouth, and Edward W. Ranshaws and Mollie B. Dunn, both of Wheelersburg.

Chas. P. Statum, who was working for E. S. Jenkins & Co., decided to go into the plumbing, gas and steam-fitting business for himself and rented

a room at 213 Market street, formerly occupied by Adam Giesler.

The building at the corner of Ninth and Chillicothe streets, occupied by Adam Reeg, the druggist, was improved by having new plate-glass windows put in.

Volney Thompson went to Greenport to attend the preliminary hearing of a fellow named Stevens, who was arrested on a charge of horse-stealing.

Mrs. L. E. Duduit, Jr., and son,

Richard, were visiting her parents, Captain and Mrs. H. B. Brown, at Ironton.

J. C. Evans of the auditor's office of the C. P. & V. railroad, was in the city checking up the passenger and freight office of the road here.

Among the guests at the Big House was Mr. W. H. Young, who was in the city to advertise the coming of the Carroll and Kerker Opera Company, which was to present "Kismet," or "The Tangled Turks," at the local opera house.

The local football players journeyed to Maysville, where they beat the Maysville team to the tune of 42 to 0.

## Purse Snatcher Busy Again

Miss Emma Link, clerk at the W. W. Kelly book store, 208 Chillicothe street, was the victim of a bold purse snatcher Wednesday evening, but the thief secured but a small amount as the purse contained but a one dollar bill and some small change.

Miss Link was on her way from work and was starting into her home when the thief, who she claims was a colored man, grabbed her purse and escaped on a bicycle.

The police were notified and officers scoured the North End for the robber, but could find no trace of him.

## Sale Of Christmas Seals To Start First Of December

COLUMBUS, O. Nov. 17.—There is no official connection between the American Red Cross membership roll call which began Armistice Day and

lasts until Thanksgiving, and the campaign for the sale of Christmas seals which follows the Red Cross roll call. Christmas seals have been sold in Ohio for the past ten years to support the fight against tuberculosis and they were formerly known as Red Cross Seals.

Two years ago the Red Cross withdrew its emblem from the Christmas seals to avoid confusion in the public mind as to these two activities. The two organizations work in harmony, however. The Ohio Public Health Association, under whose auspices the Christmas seals are sold, has endorsed the Red Cross roll call and urged its local representatives to assist in the roll call.

W. Frank Parsons, vice-chairman of the Red Cross, has sent instructions to all roll call workers saying that the Red Cross will heartily approve of their taking part in the campaign for the sale of the Tuberculosis Christmas seals.

"The work of the National Tuberculosis Association is of very great value, and the American Red Cross sincerely hopes for the continued success of its work," says Mr. Parsons.

Sale of Christmas seals starts December 1.

## Masons Elect

At a well attended meeting of Western Sun lodge, F. and A. M., Wheelersburg, last night, officers for the new year were elected as follows:

1. Palmer, Worshipful Master.  
C. A. Sonnett, Senior Warden.  
Clyde Milburn, Junior Warden.  
R. G. Gilmore, Treasurer.  
C. B. Evans, Secretary.  
V. H. Herley, Senior Deacon.  
Louis Ludecum, Junior Deacon.  
Charles Buckley, Tyler.

At the close of the meeting a hot lunch was served. The installation of officers will take place December 14 with District Lecturer H. M. Baker as the installing officer.

## Indigestion

Many persons, otherwise vigorous and healthy, are bothered occasionally with indigestion. The effects of a disordered stomach on the system are dangerous, and prompt treatment of indigestion is important. "The only medicine I have needed has been something to aid digestion and clean the liver," writes Mr. Fred Ashby, a McKinney, Texas, farmer. "My medicine is

## Thedford's BLACK-DRAUGHT

for indigestion and stomach trouble of any kind. I have never found anything that touches the spot, like Black-Draught. I take it in broken doses after meals. For a long time I tried pills, which griped and didn't give the good results. Black-Draught liver medicine is easy to take, easy to keep, inexpensive."

### I Am Expecting A Big Response On These Curtain Materials

In more than 20 years there has never been a customer who has even received so much as a scratch in riding on Anderson's elevator. Furthermore we do not charge a single penny for riding on it. This elevator runs clear to the fourth floor on every trip—way up high where the air is pure and the light is good and where special prices are known to abound. This is a mild hint to you that if you want real bargains during this buyer's sale that I am just confident enough in my own department to say that if you stop short of the fourth floor, you will miss the biggest treat of the entire sale; that is, of course, if you are in any way interested in floor coverings and draperies.

## Will Meet Your Most Optimistic Economy

general, good natured rivalry among the entire group of buyers. To obtain the most favor from the public, each buyer knows that his special prices must be extremely appealing and from the various statements made by the Department Managers and personally signed, it is easy to see that the customer is going to receive more than her money's worth at this sale.

P. V. DAVIDSON

There is one thing that I want to impress upon the minds of customers who will attend our Department Manager's Sale and that is the fact that the shoe department, has, in so far as I have been able to learn, just about the best bargains to be found in the entire store. Of course, this isn't anything against the other buyers but if they want to claim honors for having the biggest reductions, I have set a mark in special prices that they will have to make a considerable effort to outdo. Everybody has to have shoes and I have made special prices that will please everybody.

### Looking Toward Christmas

There is a kidded feeling among us all which makes us feel at times like stopping the calendar but old Father Time grinds on just the same; and this recalls to our minds that Christmas is just around the corner and that sooner than we think, we will all be forgetting ourselves in the interest of our friends and loved ones.

As a suggestion, it might be advisable when you attend this sale to begin the purchase of the things you wish to give at Christmas.

### Modern Business Is Service

We want you to look at this store in that way. We are here to serve you—carefully, courteously and whole heartedly.

Our aim is to make buying easy for you by having the goods that you want.

Our advertisements simply reflect our merchandise displays—earnestly endeavoring to avoid any exaggeration, telling you simple, plain facts, back of which stands our unconditional guarantee of satisfaction.

C. H. PRESS

The other buyers all have a little advantage of me in that they have had a longer acquaintance with Portsmouth people. I realize that where they may secure trade through personal friendship, I will have to secure customers through the giving of big reductions. This, I have decided to do and during this sale you will find in my department numerous special prices that are all the lower because I want to get better acquainted with the people of Portsmouth. Look at my picture and if you think it would not hurt you for us to become better acquainted, you just call on the third floor and walk up to the fellow whom this picture flatters and say, "Hello, Press, let me see some of those specials you were talking about in the Times." I'll do the rest and I assure you it will be the beginning of a good friendship.

# NEWS FROM NEARBY TOWNS

## OAK HILL

The M. E. Ladies Aid Society will hold a Parcel Post and Bake Sale at the U. O. D. F. hall next Tuesday, November 22. Cakes, bread, doughnuts, candy, etc., will be offered to the public at a reasonable price. The sale will begin at 3 p. m.

Mr. and Mrs. John Joseph and children Ray and William Francis have returned from a six weeks motor trip to Buffalo, N. Y., and other eastern cities.

Mrs. Hannah Lambert went to Scioto Furnace Tuesday for a week's visit with her son Herb Lambert and family and to see her little grand-daughter Blodwyn who fell a few weeks ago and broke one of her legs. Since that time she has been in a plaster cast from the hip down. The family is well known here, where they lived before going to Scioto Furnace. William Lundrum of Lancaster is here to spend a few days with his wife.

Miss Anna C. Davis was the dinner guest of Mrs. Emma Comer Monday evening. She left on the evening train for a short visit with the family of H. A. Stradman at Sciotoville before returning to her home in Ocean Grove, N. J.

Mrs. Anna Lewis and Miss Margaret Sed of Black Fork left a few weeks ago to spend the winter with relatives in Columbus. The former will stay with her son Joe and wife while the latter visits her sister, Mrs. Mary Choate.

The "Glenners," a class of young ladies at the M. E. S. S., entertained a few evenings ago with a winter feast. Melchior was used to carry the young folks to an appropriate place on Thurman Pike. Those enjoying the evening were: Misses Mildred Howell, Gladys Queen, Hattie Faulkner, Mellicent Jenkins, Margaret Apple, Viola Adits, Alice Jaynes, Benah Davis and Marjella Bates; Messrs. Everett Burnside, Everett Phillips, Geo. Wm. Evans, Wendell Morgan, Truman Faulkner, Carl Miller, Edna Dole, Jr., Oscar Miller and Ed Morgan.

## MEAT INJURIOUS TO THE KIDNEYS

Take a Tablespoonful of Salts if Back Hurts or Bladder Bothers

We are a nation of meat eaters and our blood is filled with uric acid salts, a well-known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jaid Salts; take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine.

This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in the urine so it is no longer a source of irritation, thus ending urinary and bladder disorders.

Jaid Salts is inexpensive and cannot injure; makes a delightful effervescent little water drink, and nobody can make a mistake by taking a little occasionally, to keep the kidneys clean and active.—Advertisement.

Relieves Rheumatism

Mustardous lozenges up stiff joints and drives out pain. A clean, white ointment, made with oil of mustard, it quickly brings relief as soon as you start to rub it on.

It does all the good work of the old-fashioned mustard plaster, without the blister. Doctors and nurses often recommend its use.

Get Mustard today at your drug store, 35 and 50c in jars and tubes; hospital size \$2.00.

## NEW BOSTON

The revival at Immanuel Baptist church continues in interest in spite of the weather. A good crowd greeted the speaker, Mr. Miller, of Mt. Gilard, last evening. After a song service led by the pastor in which the feature was a soprano and alto duet the story of the Cumanitish woman and her daughter was made the basis of the evening lesson.

Rev. Miller is bringing splendid spiritual messages and they are being appreciated not only by the local congregation but also by the other congregations of the town who with their pastors have been in attendance.

Plans are being perfected whereby New Boston people will have the privilege of enrolling in the Red Cross. A committee of women will canvass the homes and another of men will wait upon the business men and the mills. All who are aware of the conditions obtaining in and about New Boston will aid this work if at all possible.

Rev. and Mrs. P. E. Britton accompanied by Mrs. Thomas O'neal moved to Stockdale Tuesday, where Rev. Britton had been asked to hold revival meetings for the Christ church and for the pastor Rev. F. Dibble there. It is anticipated that great meetings will be held beginning Monday, Nov. 28th. The ministers were laying plans as to what might be done to accomplish much good and permanent results. Rev. Dibble will fill the pulpit at the Ohio Avenue Christian church in the absence of Rev. Britton.

The W. O. W. will meet this evening in regular session in the Davis hall on Gullia avenue.

The Jr. O. U. A. M. will meet tomorrow evening in regular session in the Davis hall on Gullia avenue. All members are urged to be present.

## Blue And White Team To Practice In Gym Tonight

The Big Blue and White team will enjoy a real practice in the High School gym tonight.

Deprived of the chance to workout in York Park owing to the heavy rains the team will run through signal practice tonight and will execute a number of long passes and will work out some new shift plays. Hanley is on the job and this speedy backfield player will prove a great running mate to Chinn, DeVoss, Taylor, Montgomery and Quinn. The boys are all in top-top shape and would be ready right now for a gruelling contest.

They are going to give their all for the old home town Sunday and if the Tanks win the players will gracefully admit their superiority and will not harken to threadbare alibis. Just stick a pin in this.

COLUMBUS, O., Nov. 17—Possibility of a post-season football game between Ohio State and Iowa, undefeated big ten conference teams, went glimmering today following receipt of a dispatch from Iowa City, Iowa, stating that the faculty athletic board of Iowa would not consider such a contest in view of a big ten ruling against post-season games.

### SAME OLD TOMMY

WINDSOR, ONT., Nov. 17—Tommy Gibbons, of St. Paul, knocked out Soldier Jones, champion of the Canadian heavyweight boxing championship, in the first round of their scheduled ten round bout here last night.

## Many Local Fans To Attend Game

Many backers of the Ohio State football team in this city will go to Columbus Saturday to witness the football game between Ohio State and Illinois. Illinois has failed to win a Western Conference game this season, but the team always puts up a strong fight against Ohio State and Conca. Ohio is taking no chances on the team becoming overconfident, as by winning this game it means the Big Ten title again for the Buckeyes.

Two years ago the Illinois snatched the game and the conference title via a forward pass in the last eight seconds of play while the Buckeyes reversed it last year by winning to Marysville, where they beat the two seconds before the whistle ended the game.

## P. H. S. READY FOR CHILLICOTHE

### MEET COACH DAN FRIES

DAN FRIES

Coach Dan Fries has put the Portsmouth High School on the football map this year and he is going to keep it there in red ink if he has his way about it.

He is a real coach, a football strategist and in his day was recognized as

one of the most resourceful players in the game. That he was popular in Cincinnati is evident from the fact that for three successive years he was elected captain of the U. of C. team. His Red and Blue team at P. H. S. is playing bang up ball in all departments under his able tutelage.

### Capt. Jack At His Best This Season

Captain Jack Cressy started out the Fall with a slogan that he would say little and do much. This objective was fulfilled, and he is reaping a bonanza reward.

So far he has missed but one practice and this absence was reinforced by a valid excuse. He is out every night, rain or shine, and is always on his toes and never seems to tire. He is never on the injured list and never is on the trainers' table for massages or showings of minor bruises. He keeps all his "ham" nails to himself, and it is only when some one else discovers anything that he submits to treatment.

His last few games have showed a wonderful improvement and his work in all the games of late have been an inspiration and example to his teammates. The feeling of the extra responsibility has not turned his head, but has been an extra incentive for better work.

J. H. S. will have to look a long time before they find another captain to take "Jack's" place, for he is a sensitive lad, who feels the love and loyalty of his school like few men can. We wish you success, "Jack," for the remaining two games and hope they will be your best.

## Juniors To Play Waverly Sunday

Sunday morning, at ten o'clock, at the Industrial League grounds, the Smoke House Juniors will play the hefty Waverly American Legion team. The Juniors defeated the Waverly team early in the season, but the latter outfit has been greatly strengthened since that time and the locals are looking for a tough scrap. The Juniors have been practicing faithfully for the game and expect to make a good showing.

**TONY IS CLOPPED**

COLUMBUS, Nov. 17—George Kocsonaros, Greek wrestler, threw Tony Barnard in two hours and thirty minutes with a reverse, flying mare here last night.

Under a heavy laden sky which intermittently ejected torrents of rain, the P. H. S. warriors plodded uncomplainingly over the murky field, heedless of the many shallow pools that speckled the once fast hold of a few days ago. Slipping, sliding and splashing into these small chilly lagoons, like bathers riding on toboggans on the surf. Of course the thrill was not the same, as these drenchings were of the frigid variety.

This, in short, gives a picture of what took place during scrimmage last night. The street lights were streaming their not far-reaching rays into the dark night when practice was called. Chillicothe's coveted records stand, as six consecutive victories with but one defeat, administered by Lancaster last Saturday. The latter team is a team whose equal cannot be found in High School circles this year. Huntington would have to bow to this team if they were to meet. Unfortunately they have not been pitted together this Fall.

What would be more fitting than to have the P. H. S. season close by annexing a clean cut victory from a team with such a splendid record? And this feat being performed by a group of men who with the exception of three men had never played or attempted to play football prior to this Fall.

Well, this is the inward desire, hope and determination of every member of the P. H. S. squad.

The work-out last night consisted of twenty minutes of scrimmage that bespoke determination in every play; it was a real game played to modified periods. This scrimmage was followed by a heavy session for the linemen, wherein each man was put through an exacting drill on how he must handle himself to arrest the man carrying the ball to increase their gains to a maximum.

The line does not ordinarily receive its share of barrels when a backfield man makes a substantial gain, but without the unseen efforts of the line a little or no gain would be possible.

The backfield work in general is more or less individual and the greater success of a backfield man is proportional to his own characteristic versatility.

P. H. S. has started from the rawest of raw material and have made a creditable showing thus far and with this year's experience to back them they will be a strong contender for sectional honors next Fall.

### Teams Warm Up

Three special matches between two men teams were rolled at the Selby alleys last night. The two men teams are tuning up for the tournament. The results:

Southworth and Erfurth beat Haken and Fultz. Erfurth rolled 206 in his first game.

Southworth ..... 158 120 122 400  
Erfurth ..... 206 161 189 536

**Oak Hill Vs. Bidwell**

OAK HILL, Nov. 17—The local High School team will go to Bidwell Friday for a return game with the High School team of that place. Oak Hill still holds the record of having an undefeated team.

In one of the bitterest fights of the season, each claiming the championship of Jackson county, Oak Hill and Bidwell battled to a finish on the local field Arnsfield day, but neither side was able to score.

### Schedule This Week

Thursday, 5 p. m., Underwoods vs. Seventy Six; 6:30 p. m., Burroughs vs. N. and W.

Friday, Nov. 18, Cleaners vs. Monroe Six.

Saturday at 3 p. m., Underwoods vs. Times; at 4 p. m., Strollers vs. Seventy Six.

The unexpected happened again last night and the Times were shoved to the top of the Buckeye league, when the lowly Burroughs took two out of three from the Strollers by the scores of 12-21, 21-17 and 21-15. The Burroughs took the floor with a crippled leg and only expected to play, not to win, but the Strollers were in a trance, which kept getting deeper. Frank Goetz was the star of his team—the dark star. He was so off color he couldn't recognize himself after the game. The Burroughs, on the other hand, fought their best, especially Willis, who has developed a swift down shoot which is hard to get, and also did great field work.

Burroughs, Korns, Strickland, Willis, Kearns, Gillilan, Saddle.

Strollers: P. E. Selby, captain. Edgar Ross, Chas. Glockner, Dr. Berndt, Frank Goetz, Dr. Appel.

Trinity Vets	12	18	.400
Selby Leaders	12	21	.364

### Games This Week

Thursday, Nov. 17—Selby Vets vs. Trinity Vets, umpire, Roger Selby.

Friday, Nov. 18—Selby Colts vs. Selby Vets at Wilhelmite hall, umpire, H. C. Stevenson; Bigdaws vs. Selects at Moose hall, umpire, Elmer Shoemaker.

Saturday, Nov. 19—Trinity Vets vs. Selby Leaders at 3 p. m.; Phi Psi vs. Christian Vets at 5 p. m.

The Bigdaws fattened their average and climbed close to the top of the Peerless league within three games in fact when they trounced the Selby Leaders in three straight, 21-10, 21-3 and 21-7. It was just a case of "too much giggles." He was everywhere. It seemed no ball could get past him, and he killed enough "dead birds" to open a retail market. Captain Stevenson said some very unkind things to his team, but they couldn't stand the attack, especially as they still send the ball over the net high.

Bigelow: Ora Rieky, captain, I. E. Butler, John Underwood, Ray Frazier, Earl Iardun, Chas. Riggles.

Selby Leaders: H. C. Stevenson, captain, H. Stewart, H. Peters, O. Schuman, C. Debo, O. Gayhart, Dave Scott.

### Games This Week

Thursday, Nov. 17—Bankers vs. First Presbyterians at high school; umpire, Prof. Appel.

Friday, Nov. 18—Court House vs. United Brethren at high school; umpire, Wm. Massie.

Saturday, Nov. 19 at 4 p. m., at Moose hall—Ministers vs. Trinity Colts; umpire, Carl H. Bauer.

Lack of teamwork enabled the High School Faculty to take three games from the fighting Colts last night at the high school gym. The Colts were game, fighting hard, especially Kerr and Woods, but not playing the corners; striving desperately to get the ball back, but not being in position when it arrived, which accounts for the scores, 21-6, 21-7, 21-8. McCoombs and Prof. Eccles were the shining lights for the Faculty.

High School Faculty: Prof. Eccles, captain, Coach McCoombs, C. D. Walden, Wm. Massie, J. E. Selg, Prof. Appel, A. H. Wheeler.

Christian Colts: Chester Kerr, captain, Wilfred Laydner, Edw. Smith, Nate DeLong, Meads, Askins.

No team has been selected to take the place of the Smoke House 50 and the eight team schedule will be made out and published tomorrow.

Monday—Imperials vs. Oechs on alleys 2 and 3; Patrols vs. Spartans on alleys 4 and 5.

Tuesday—Mutuals vs. Steelmen on alleys 2 and 3; Brumms vs. Nuggets on alleys 4 and 5.

Wednesday—Lafayettes vs. Keystones on alleys 2 and 3; Regulars vs. Thickers on alleys 4 and 5.

The Regulars this morning are right behind the league-leading Nuggets, and are headed right for the top. They won a decisive victory over the Oechs last night, and then took the third by a small margin of six pins. Jess Roberts was in his usual form last night and topped the list with a mark of 324, and getting 192 in his middle game. Offer was next with 408, and Freund made 465.

The Brumms were lucky to win all three last night when they met the Lafayettes. The Brumms took the first with 14 pins to spare and won each of the other two by one pin margins. These were three of the closest games rolled in the Masonic league this season. Frank Sheridan had two 200 games and made 535 and if his rolling two Blinds, the scores would have been so close. Young led the way for the Lafayettes with a mark of 479.

## Last Game On Present Field

When the Illinois and Ohio State eleven clash on Ohio Field Saturday at Columbus it will mark the passing of that ancient football field, which has been the scene of scores of thrilling college grid games, as far as this Illinois area concerned. In 1922 the Buckeyes will meet Illinois at Urbana and in the fall of 1923 the game between these two old rivals will be played in Ohio's handsome new stadium which is already under process of construction.

Cats often live from 10 to 15 years.

## May Split Three-Eye League

CHICAGO, Nov. 17—Club owners of the Three Eye League met here today to consider the advisability of wrecking the present organization and forming two new leagues. The present circuit is considered unwieldy because of the mileage involved between Cedar Rapids, Iowa, and Evansville, Indiana.

The plan to split up the league would group the clubs in the northern section of the league with another circuit taking in the clubs in the southern section. The cities suggested for the new league are: Cedar Rapids, Iowa; Rockford, Rock Island and Moline, Ill., Marshalltown, Dubuque, Davenport and Waterloo, Iowa. This first four are members of the present circuit.

The new circuit planned for the southeastern half of the league includes Bloomington and Peoria, Ill., Evansville, Terre Haute, South Bend, Richmond, Ind., and Youngstown, Ohio. "The first four cities now have clubs in the southern part of the present circuit."

## Western Conference Officials To Handle Smokehouse-Tank Game

Relative to the selection of officials for the Smokehouse-Tank game Sunday this morning's Irononian says:

Dr. W. C. Thomas of Wellston, official in Ohio Conference football circles, will act as umpire for the Ironon-Portsmouth gridiron battle at Millbrook Sunday. W. A. Beckelmeier of Morris-Harvey, will assume the referees duties with Benton Saliz of Columbus taking the role of head linesman. Three better officials could not have been chosen and the selection was met with the favorable approval of the management and coaches of both eleven.

Manager Schenckler received a wire from each of the selects yesterday and all stated that they would be glad to act in this important struggle, and will be on hand. All are well known football men in the state and section and know the game from every angle, so it remains assured that the contest will be in competent and capable hands.

All those who have signified their intention to make the trip have not signed the petitions which are being left at the Smoke House, Elk Club rooms, or the Red Cross drug store and they are requested to do so before this evening.

The officials of the Norfolk and Western Railway have accommodated the local football fans by giving them their assured promise of the train providing there is a large enough number making the trip on the special and the fans should show their appreciation, not only to the team, but to the N. & W. as well by being on hand at the station in large numbers and filling Millbrook Park to witness the triumph of Ironon over Portsmouth in the annual football classic.

## MAKING OURSELVES SATISFIED

THE man who has just lost a leg and is glad because he didn't lose both is the sort of optimist who will enjoy certain examples of statistics coming out of Washington with clock-like regularity.

Americans are ready to admit that the United States is a better country to live in than Italy, France, England or Australia, to charitable leave unmentioned several others. In fact, Americans believe our country is so much better than those named that there should be no such comparisons as those recently made by government statisticians to show that economic conditions in Italy, France and England are so much worse than ours. What we want to know is why the situation is so severe here where everything essential to human happiness and contentment is so abundant.

Of course the one explanation is that four years of warfare shot everything so full of holes that the patching has not had time for completion. But somehow that doesn't satisfy. Economics is not a captivating study for the average man and woman. It makes their heads ache.

Understanding economic laws will not prevent those laws from operating but it will enlighten us on some of the means of protecting ourselves from the strongest of the economic winds. To tell us that we are not so poorly conditioned as people in other countries is unsatisfying. For that matter Americans always are better off than the peoples in the countries named. But that doesn't mitigate existing conditions.

In Italy, France and England excessive prices exist largely because those are buying countries. Food costs are high because food is relatively scarce. The reverse is true of America. We have enough for our 110,000,000 population with a heavy surplus for nations that are short. That comparative statement may charm the fanatic on statistics but will leave the ordinary American consumer cold, even clammy. It does not ease our plight to be told that Italy, France and England are suffering.

## THE PEOPLE STILL HONOR HIM

THROUGH an agency, which makes a specialty of furnishing inside information about governmental operations and affairs about Washington, we learn that far from exaggerating the ovation received by Ex-President Wilson, on his appearance in the Armistice Day exercises, the newspapers minimized the enthusiasm and deep fervor thereof.

Of a truth, according to this source, nothing like it has ever been witnessed in Washington and a fervor ran over the city as though the people were moved by some deep stirring religious rite, in honor of the man who had sacrificed much, almost life itself in their service, and his appearance, coupled with the opening of the arms limitation conference seemed to convince them that his spirit would rule in the latter and bring forth great beneficence.

The agency furnishes the further information that Democratic politicians sought to give the demonstration a political significance, but this was negated by the physical condition of Mr. Wilson—a point we do not get—while Republicans bitterly contended that the ex-President had purposely dropped back from his assigned place in the parade so he could get applause, that would be denied the President because he was near the casket of the Unknown Dead.

In its sympathies the agency is altogether Republican and its despicable bringing into the story some petty politics, does no more than accentuate the tribute paid to a great and noble character.

## THE TRAGEDY OF THE HONOR

HIGH representatives of many nations joined in the ceremonies that marked the burial of an unknown dead, at Washington on Armistice Day.

It was the greatest and most imposing hour that the unknown ever received, but it was deeply pathetic at that.

Who was the Unknown Dead? True he stands for all those who fell in battle and left their identity, each one adding another mystery to the great tragedy of the races. But this Unknown was a distinct entity. He was somebody's son, to some mother he was the bravest and handsomest lad that ever went to battle. But whose son, whose brother of a boy? That is the saddest of all—it shall never be known. A thousand mothers' hearts stopped beating that day because the thought would come: It may be my boy.

## A JUST AND RIGHTEOUS JUDGE

SINCE ascending the Common Pleas bench James S. Thomas has made an enviable record as a jurist for the fairness with which he conducts all court proceedings and his accurate interpretation and delivery of the law. He had a trying situation presented to him, Monday, when he was called to pass judgment upon a self confessed murderer—the most momentous question a judge or any other mortal may have—shall this man die or shall he be permitted to live.

You say his dilemma was no worse than that of any twelve jurors held to pass verdict upon a capital case. Why it was a thousand times worse. The juror has eleven of his fellows to consider with him, he has the sustaining force of some or all of them. Judge Thomas was alone, with death and life poised on either hand. He did not hesitate. He decreed the admittedly guilty prisoner to the electric chair.

Of course, there will be those who will say the man deserved mercy because he acknowledged his crime, others who will maintain that he couldn't have been rightly balanced mentally. That's all mawkish sentiment. He slew in cold blood, knowingly, for the foul purpose of robbery, slew the woman because dead she could tell no tales. What he does after that is as nothing.

Let the judge be commended for holding steadfast to the law that was written in justice.

## New York-Day-By-Day

BY O. O. MCINTYRE

NEW YORK, November 17.—There is raw contact with the sunny side of life when the nightly electrical curricula of leaping kittens, whizzing autos, slashing snows and chewing gum acrobats is poured into Broadway. The other evening I traveled from Herald Square with a square-toed, brown derbied gentleman from Central Office—a Tenderloin dick who knows the district from the crook's dead line at Fulton street to the Circle.

He knows the shadowy figures of the hotel lobbies, cafes, steel doored gaming places and theatres where daredevil men travel with their "mobs" on the lupine theory that the strength of the wolf is the pack and the strength of the pack is the wolf.

In front of a theatre waited a clear, dark-skinned man—his lit and clean bespoke a strain of Spanish or French. We drew up in the shadows. Two or three limousines emptied a bevy of beautiful women and still lusted escorts who might have stepped from the pages of a Monte Carlo novel. Under the flood of the lighted canopy they chattered for a moment with their host—the debonaire figure who awaited them. The picture presented a marvelous blend of energetic, luxury loving cosmopolites.

And a few blocks away we visited a shabby hotel, whose halls were filled with blurry kinned women and men whose faces were honed to criminal sharpness. The proprietor of the hotel is known as Shanghai Solly in the underworld—the same sleek fellow who waited under the theatre canopy. He has made a fortune in opium smuggling and is said to own a hotel of ill repute in a dozen or more large cities where each is used as a depot or distributing station.

He is a privileged visitor to many clubs. He talks to no one about his business save trusted lieutenants and then only in a skin rowed to the middle of the Hudson where he is free from detectives and man made devices for outwitting the malefactor.

On a nearby street we came upon

one of those innocuous appearing tea-rooms that dot the Tenderloin. It was humming with the cacophonous cackle of leisurely tea sippers. A slim innocently wide-eyed girl runs it. She is under constant police espionage for acting as a sort of clearing house—a go-between for fences—for New York's army of shop-lifting women.

Bozeman Bulger had Irvin Cobb to dinner the other night. Most of us tire of pinning stories on Cobb but after all he tells about the best. Anyway Bulger's daughter was very much interested in an item on the menu. It was capon. She wanted to know what capon was. Her father and Cobb invented a wild story for the girl who is in her early teens. They told of brave men going to their death in the far off jungles to bring back a capon for pretty golden haired girls. She suspected they were romancing—for Cobb had dined there before.

After coffee she sought out Mr. Cobb and demanded to know what a capon was. "Well, my dear," replied Cobb after a moment's reflection, "a capon is a rooster with a tender voice."

The higness of New York is overwhelming. About every month I stumble across a new city within a few minutes ride of Gotham. The latest is West New York, New Jersey—a town that has all the flare of a small metropolis. And yet in all the long years I have lived here I have never met any one from there.

A college for dogs has been opened up in Westchester. It is place where dogs are taught to live in a crowded city. They are taught the art of "heeling" which is to follow closely at the master's heels. They are also taught to eat from only one hand—the hand of the master. Then they learn how to sit in the corner quietly when company comes, how to cross the streets at the proper signal and how to growl when they see some other dog. The college course lasts for three months and the proprietor guarantees a perfectly trained dog in that time or money—the fee is \$150—returned.

## Mr. Wells and the Conference

Mr. Wells is receiving a vast amount of highly complimentary advertising in newspapers which are to carry his syndicated comments as a reporter of events at the coming conference for the limitation of armaments. The public will do well to bear in mind that the fulsome praise of this busy Englishman is printed to sell papers, which later may be highly embarrassed by his utterances.

We would not say one word derogatory of any merit possessed by Mr. Wells, but when he is lauded for commercial purposes as the one man who "will understand what every more means in the great arms conference," and who "knows the true meaning of all history, past, present and future," foundations laid in America. We doubt if the man or men who write these advertisements have read Mr. Wells' "Outline of History." If so, they seem to have accepted it as the result of his own original investigations, when in fact it is in the main a rehearsal of what other men have done in the historical field. When Mr. Wells has ventured into the expression of his own opinions of great historical events and characters they have been nothing but opinions, many of them of doubtful wisdom, to say the least.

In his treatment of our own history, in which he describes the founders of our Republic as "littled men, fallible men," who could be "jealous, lazy, obstinate, greedy, vicious," and Washington as a "conspicuously indolent man," he does not compare with Lord Bryce in "The American Commonwealth." Nor in his work on the intellectual development of mankind is he in any respect the equal of our American author John W. Draper.

So it may be just as well not to expect Mr. Wells to be the supreme fountain head of all wisdom, all knowledge, all prophecy and all trustworthy writing at the conference. Some inconspicuous, unadvised writer may cover the occasion better than this much heralded colossus of historical intelligence.

## It Is A Strange Thing

It is a strange thing that while the country has waited for recent tributes to an Unknown Soldier whose body has been brought from France to receive honors as the representative of all the gallant Americans who sleep in death as heroes of the war—it is a strange thing, told over the country, that the Government which was assailed by internal enemies, fomenters of sedition and traitors, when war

came, is preparing to restore to citizenship, to pardon a man who despised the soldiers of the Republic, defied the law, was recalcitrant to every duty of loyalty to the Government, and sought by all means within his long reach of influence to organize labor, to hinder and destroy the power and authority of the Government to protect itself and the nation in time of war.

It is a strange thing to hear that the renegade, disloyal friends of this man, Eugene Debs, have principled and are preparing in Socialist headquarters to circulate hundreds of thousands of copies of the seditious speech for which he was arrested, tried, convicted and imprisoned. Unrepentant, at heart defiant of law, ready to promote and strengthen disloyalty among his followers as soon as free, how can the Administration whose words soon will glorify the patriotism of the people and the bravery of their sons in France, contemplate such an act as the parading of this wilful, passionate and unrepentant offender?

Can the Attorney General of the United States recommend such a rebuke to the court that sentenced Debs and to authority in general acting through the courts? Is it possible that the President can be so misled as to make such a bid for political popularity with men who would destroy our form of government?

The natural color of the eye is blue, since all children are born with blue eyes, says the Edinburgh Scotsman. The color may darken within half an hour after birth. Eyes are light blue, dark blue, light brown, dark brown, still darker brown, and "mixed" that is, a mixture of light brown and blue.

Senator Smoot's 1 per cent sales tax on manufactured goods was defeated, but that does not justify unequal taxation. Equality should rule in taxation as in other laws. That it does not shows injustice entrenched in Congress.

Transfusing the character of brave and faithful nurses who served America in France is another act of Senator Watson of Georgia. What was the matter with Georgia when it sent him to the Senate?

## EVERETT TRUE

## BY CONDO

Maude Muller—Up to Date  
Maude Muller, on a summer day,  
Cranked up her Ford and rode away,  
And the Judge limped slowly across  
the street.  
(For he had chilblains on his feet.)

Maude tooted the horn, (but the Judge  
was lame)  
And so Maude really was not to  
blame.

When the Judge "came to" in a hos-  
pital ward,  
He told what he thought of that darn  
old Ford.

When the maid called that after-  
noon,  
She found him sadly out of tune.

But ere she left, he'd made up his  
mind,  
That a fairer dunsel he'd never find.

Some weeks have flittered past since  
then,  
And the Judge is up and about again.

Maude's Ford on the street, no more  
is seen,  
Maude rides in the Judge's limousine.

And in the hereafter, so we're told,  
There'll be no Fords on the streets of  
gold.

"Then They Call Them Friends."  
When one's got lots of money,  
Friends he has so many,  
When fate deprives him of it,  
Friends, he hasn't any.

When success is at the bottom,  
And failure at the top,  
You need a penny or a dollar,  
Friends you haven't got.

Again when fortune favors you,  
Your friends are here to soothe,  
Your money goes, your friends go, too;  
Now isn't it the truth?

Thought  
A little girl saw a large dog in the  
yard, thinking it was a bear, called:  
"Oh, mother, look at the bear." Her  
mother, seeing it was a dog, said:  
"Now, Jane, you go up stairs and ask  
God to forgive you for telling such a  
lie." A few seconds later she came  
down and said: "Mother, God said  
that was all right, cause he thought  
that was a bear himself."

frustrated by does a much better job of  
it."

Locate Horse and Buggy  
The horse and buggy belonging to  
Frank Garrison which was thought to  
have been stolen from near Sixth and  
Chillicothe streets last night was lo-  
cated Wednesday afternoon over on  
the West Side.

Garrison lives on the West Side and  
the horse probably broke the hitching  
strap and was wandering back home  
when found by a farmer near the  
county infirmary.
